CO-CIRCUIT APPROVAL APPLICATION
2027 POINT YEAR

For the 2027 point year, a weekend championship show* may be eligible to seek co-circuit approval from one secondary circuit, one time per point year. Approval of a secondary circuit for any show* is at the sole discretion of the NCHA and will only be considered if all the following criteria are met:

1. The show's primary circuit and requested secondary circuit share a border.
2. The address of the event is within 75 air miles of the requested secondary circuit's border.
3. Only championship shows may seek co-circuit approval. Challenger shows are not eligible.
4. The completed weekend championship show application must be submitted 90 days prior to the close of entries.
5. Two thirds of the NCHA directors in both participating circuits must approve of the co-circuit event.
6. Each circuit will be allotted two (2) weekends of co-circuit approval during the point year, to be used how they see best. The affiliate and/or show producer applying for co-approval must be a current member in good standings with NCHA. Unused co-circuit approvals will not accrue for use in subsequent point years.
7. NCHA Days and local circuit championship shows are not eligible for co-circuit approval.
8. Points earned at the event will count towards year-end standings of both participating circuits. Horses and riders still earn points for one circuit only.
9. Approval must be granted by the NCHA Office.

To request co-circuit approval, please complete one form per show* and submit it with the show application.
